Clocks come in all shapes and sizes, sometimes the numbers are in different languages and sometimes there are no numbers at all, but this doesn't change how we read time.

Task: Can you draw your own clock (or use the template below), but complete using Roman Numerals.

Challenge: Now try one in a different language for example Arabic. (Remember to research the numbers 1 to 12 and fill in your clocks.)

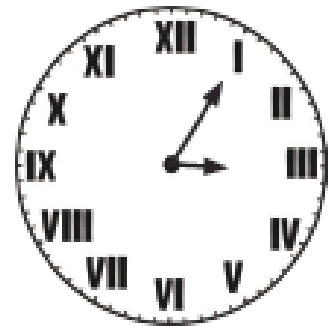

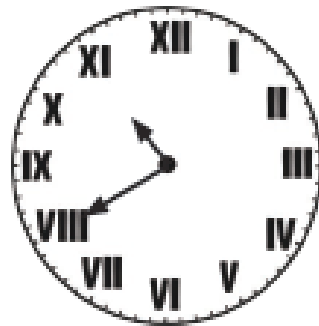

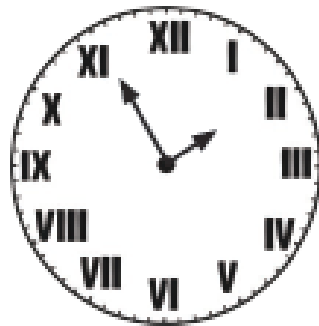

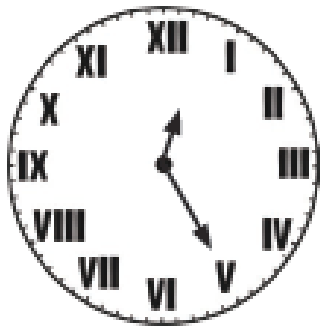

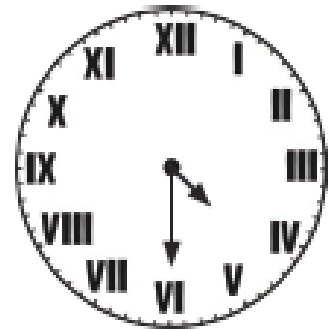

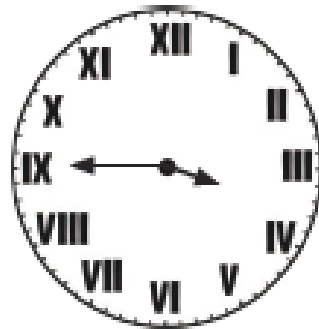

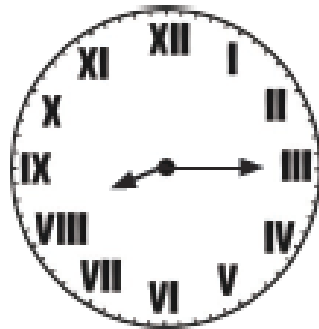

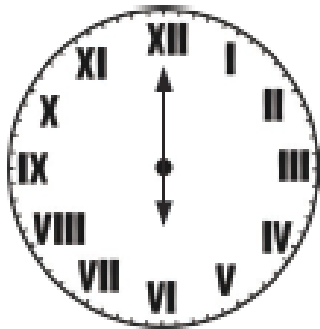

Wednesday

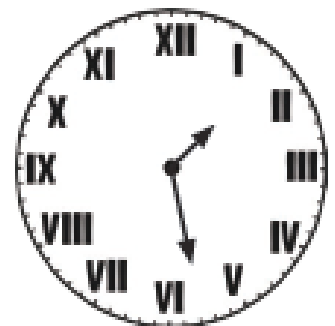

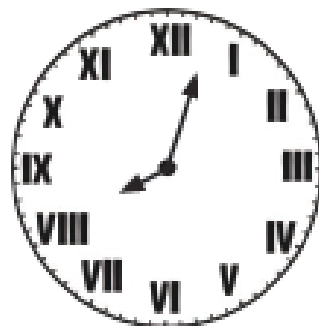

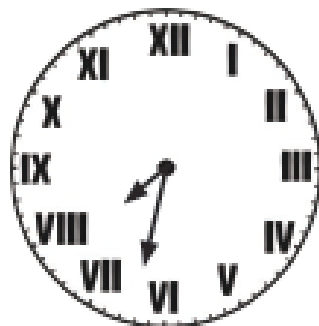

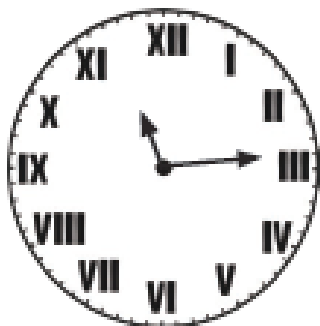

L.O: Reading time with roman numerals

Useful explanation link- <https://www.youtube.com/watch?v=IBBQXBhSNUs>

Write the time shown on each clock.

**Challenge:**

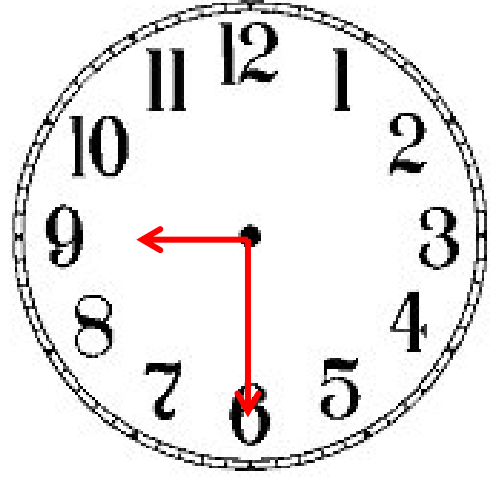

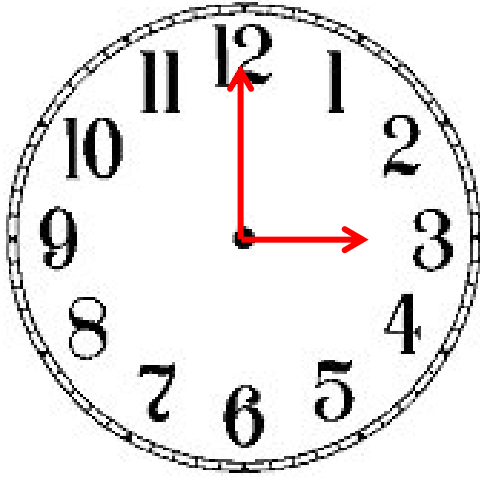

Thursday

L.O: Time intervals

Write the new times in your books.

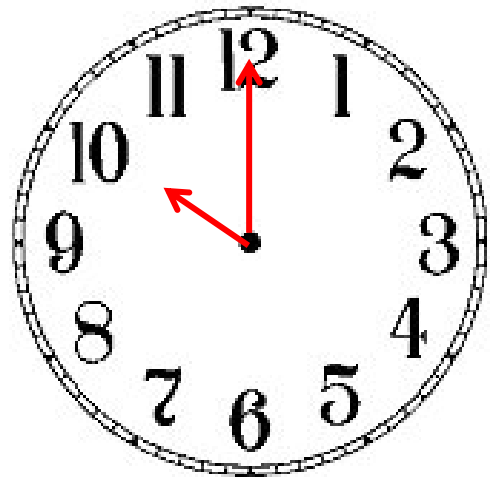

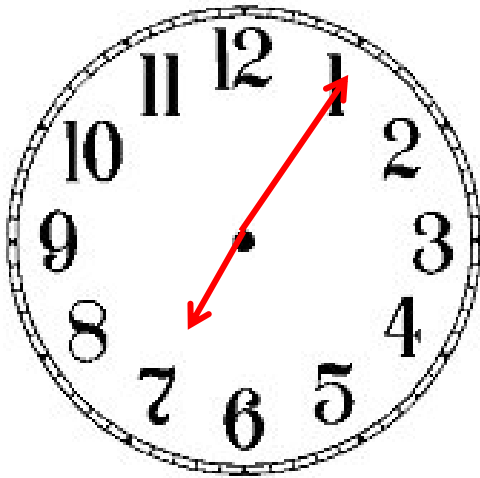

Find the time 15 minutes later.

Can you find one hour later?

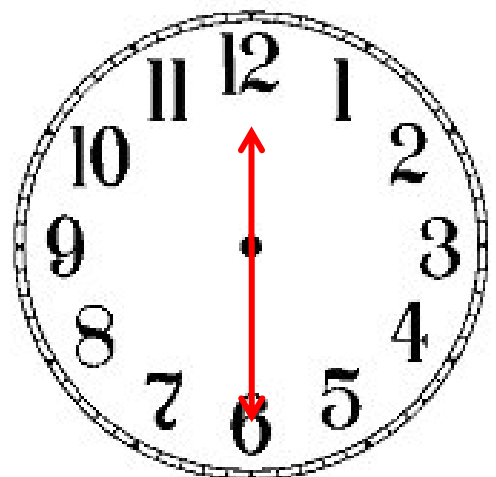

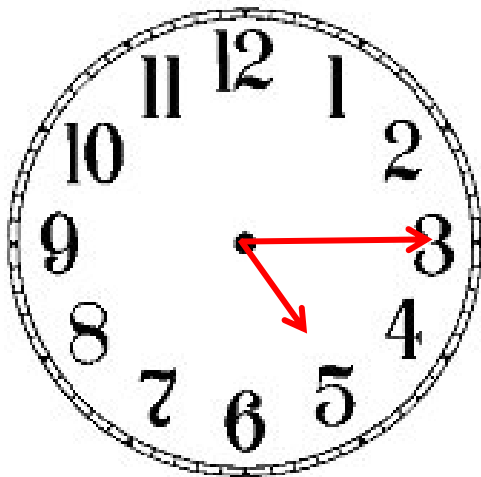

Find the time 30 minutes later.

Find the time 2 hour and 15 minutes later.

Find the time 45 minutes later.

Find the time 1 hour and 30 minutes later.

Friday	L.O: Time word problems
Write the new times in your books.	

1. The bus left at 9 o' clock. It got to school 20 minutes later. What time did the bus get to school?
2. The coach left for the zoo at 10.00. It took 1 hour and 30 minutes to get there. What time did the coach arrive at the zoo?
3. Jane left home at 11.15. It takes her one hour and a half to get to work. What time did she arrive at work?
4. John needs to get to work at 3:15. It takes him 20 minutes to get there. What time should he leave for work?

#### **4a. True or false?**

**At twenty-two minutes past three, the minute hand is pointing between the three and the four.**

#### **4b. True or false?**

**At 8 minutes past one, the minute hand is pointing between the one and the two.**
