

## **Note from Chair of the Trust 12-4-19**

The Amaya Trust Board is firmly focused on ensuring a successful future for Northwold School.

The Trust decided in late 2018 that the future of Northwold lay with a larger multi-academy trust. The new trustees, who with the exception of the CEO, have been appointed in 2019 are working to ensure the transfer process happens smoothly and effectively.

The Chair and Vice Chair of the Amaya Trust continue to meet with senior leaders, governors, staff and parents to support and inform key groups involved with Northwold School.

Other documents available from the Trust Board include information for parents, information about trustees and the criteria used to assess interested MATs.
