

Coronavirus - Keeping safe at school

My name is _____ and soon I
will be going back to school.

My friends and teachers have
missed me and will be happy to
see me.

I will still need to play my part to
keep them safe.

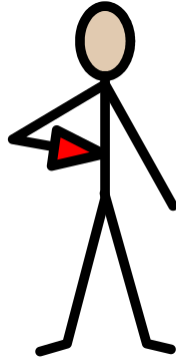

I can do this by wearing a mask
as part of my uniform.

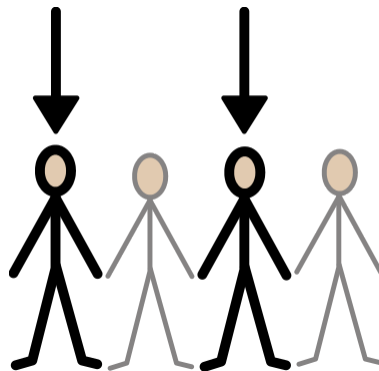

I should also wear a mask to help keep me safe.

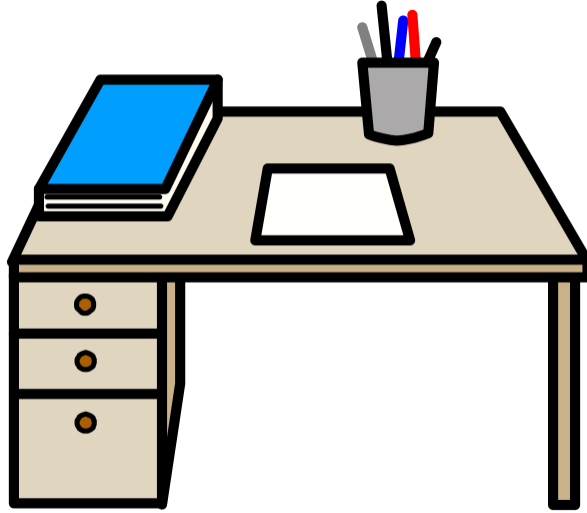

Some of my teachers will be keeping me safe by wearing a shield.

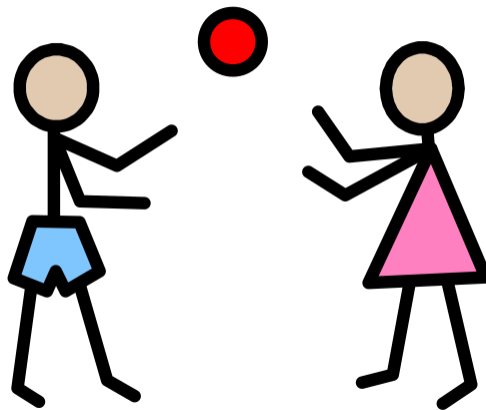

I will be able to have fun with everyone at school but I will need to keep 2m away.

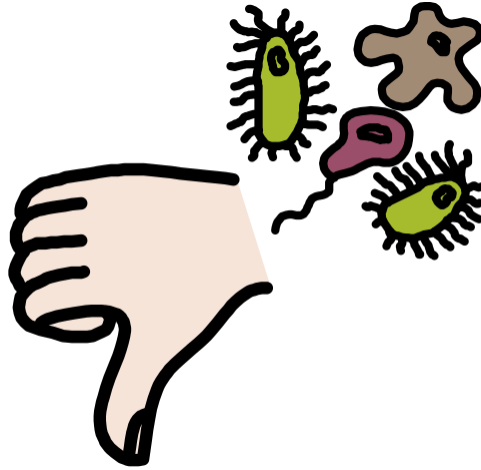

Some of my friends will not be at school because they will be staying safe at home.

I will need to sit at my own table

When I play outside I will need to keep my distance.

This is so that nobody spreads germs that cause Coronavirus

If I keep the rules I will help my teachers and friends stay happy and healthy.

I will also be kept happy and healthy.
